

Stitch A Bowl Requirements

Equipment needed

Sewing machine with extension table (must be able to disengage feed-dogs).

Universal foot, darning/embroidery foot. A foot with a hollow tunnel underneath (Bernina #12) is a huge advantage but not a necessity.

A sprung steel embroidery ring (the type which has a steel open ring with handles that fits into a plastic circular rim, 20 - 25 cm diameter).

A black, fine-line, fibre-tipped pen/sharpie.

Usual sewing paraphernalia like tape measure, pins, etc

Universal & jeans needles.

A sharp, pointy pair of scissors.

Materials needed for bowl

About 3 metres of floppy, light to medium weight cotton (like quilting fabric). Must be able to tear easily into strips. This is for the bowl and can be patterned or plain, in own colour choice.

1 x large reel of thread in a colour chosen according to above fabric (can be matching or not depending on affect desired).

Student needs to make 15 - 20 metres of ragged cord for a Bowl with a diameter of 22 - 25cm.

Materials needed for image

Snippets of fabric in appropriate colours, including see-through fabrics (like netting, organza, fine silk).

Reels of appropriately coloured thread (not embroidery thread).

Kit contains: 2 x colour images

1 x black/white image

1 x piece of base fabric

1 x set of instructions

1 x A4 tracing paper
